Need for Speed Rivals [Full Review]The Need for Speed franchise is one of EA's most popular and successful first-party franchises. Most Need for Speed games are pure racing games with side events to unlock some cool vehicles, but the Need for Speed Rivals adds a bit of multiplayer to the formula, so it's more of an online-only racing game. It's \$50, which is pretty expensive for an online racer, but Rivals does have a few reasons to justify its cost
